TUITION INFORMATION

- **Registration (due by August 1st, 2021): \$2500.00**
- **Please email (scan / photo) to Lori Rector, Monadnock Perio and Implant Center, LRECTOR@monadnockperio.com due to limited availability**

The tuition also includes membership into “The Seattle Study Club” network, invitation to the National Symposium, and subscription to the quarterly treatment planning journal. All tuition collected is dedicated solely to the operating costs of the high quality programming of NH Study Club for Excellence in Dentistry.

- Pay by credit card:

Visa/MC/AmEx # _____

Cardholders name _____

Amount: \$2500 Exp. Date _____ CVS # _____

- Pay by check:

Checks made payable to: NH Study Club for Excellence in Dentistry

Benefits of Joining the club:

1. No need to travel for CE credits
2. Joining the club would help you take your patient care to the next level.
3. Enough CE will be obtained for your license renewal.
4. Reputable curriculum that is directly monitored by SSC.
5. Networking with other dental professionals. Talk to real colleagues not on-line posts!
6. Academic environment where every dental professional can share their knowledge & experience.
7. Having fun while learning something new!

You are invited to participate in NH Study Club for Excellence in Dentistry program. The focus of our group will be on “Implant & Comprehensive Dentistry” We will be affiliated with the Seattle Study Club, a leader in the field of dental continuing education. There are more than 250 Seattle Study Clubs worldwide, with over 6,500 members to date.

As part of my commitment to the success of our Study Club, I have appointed Lori Rector, as our Study Club Coordinator. She can be reached at 603-215-5800 or LRECTOR@monadnockperio.com

In keeping with our focus on “Implant & Comprehensive Dentistry”, we will seek to address and meet the following objectives:

1. Become more comfortable with diagnosing, treatment-planning, and delivering dental treatment involving both natural dentition as well as dental implants.
2. Become more comfortable with treatment of advanced restorative cases involving esthetic, implant and comprehensive dentistry.
3. Continuously improve inter-discipline treatment planning skills.
4. Establish a support network with my office acting as a resource center for educational materials and coordination of treatment.
5. Utilize the small group interactive sessions to develop relationships and share not only the clinical problems we may experience but to spotlight the “pearls” and tips that we have learned along the way.

Enclosed is a detailed schedule of events for the year. **Registration is due August 1st, 2021 (please use the registration form).**

I am confident that we will develop an even closer working relationship as a result of our Study Club, and I look forward to seeing you on September 2021!

Sincerely,

Tae H. Kwon
Monadnock Perio and Implant Center

All day: Starts at 9am (Arrival & Registration: 8:30am)

Evenings: Starts at 5:45pm (Arrive & Registration: 5:30pm)

Place: Courtyard by Marriott

SPEAKERS

M. Nader Sharifi, D.D.S., M.S. holds a certificate in prosthodontics and a masters degree in biomaterials from Northwestern University. He received his dental education at the University of Illinois. He has presented more than 500 lectures covering numerous topics on restorative dentistry earning him recognition from esteemed study groups, societies and associations across the nation and internationally.

Dr. Sharifi currently maintains a full-time private practice of prosthodontics in Chicago's downtown loop and uses his experience as a five day a week wet gloved dentist to ensure time saving and cost effective care are represented in his presentations. In 2007 Chicago Dental Society honored him with the Gordon Christenson Distinguished Lecturer Award. He has also been honored with Fellowship in the American College of Dentists and Membership in the American Academy of Restorative Dentistry – both in 2010.

With over 30 years' experience as a pharmacist, educator, speaker and author, **Tom Viola, R.Ph., C.C.P.** has earned his reputation as the go-to specialist for delivering quality continuing education content through his informative engaging presentations. Tom's sellout programs provide an overview of the most prevalent oral and systemic diseases and the most frequently prescribed drugs used in their treatment. Special emphasis is given to dental considerations and strategies for effective patient care planning.

As a clinical educator, Tom is a member of the faculty of twelve dental professional degree programs and has received several awards for outstanding teacher of the year. Tom instructs dental hygiene students and practice dental hygienists in pharmacology and local anesthesia in preparation for national board exams.

As a published writer, Tom is well known internationally for his contributions to several professional journals in the areas of pharmacology, pain management and local anesthesia. In addition, Tom has served as a contributor, chapter author and peer reviewer for several pharmacology textbooks.

As a professional speaker, Tom has presented continuing education courses to dental professionals internationally since 2001. Meeting planners agree that Tom is their choice to educate audiences within this specialty.

A Texas native, **Dr. Schroder** traveled the United States with his Air Force family before settling in San Antonio. He graduated from Central Catholic High School and received his undergraduate degree from St. Mary's University where he played collegiate basketball. He continued his education at the University of Texas (UT) Health San Antonio School of Dentistry, graduating in 1982. After obtaining his DDS degree, Dr. Schroder completed a general practice residency at the Audie Murphy Veterans Administration Hospital and received advanced training in anesthesia, endodontics, oral surgery, periodontics, and prosthodontics. For 12 years he served as an assistant professor in the Postdoctoral General Practice Program at the UT School of Dentistry in San Antonio while developing his private practice, which has been serving the San Antonio community for over 35 years. Dr. Schroder provides comprehensive care, including restorative and cosmetic dentistry, conscious sedation, aesthetics, dental implants, and treatment of obstructive sleep apnea.

Memberships and Accomplishments

- American Academy of Restorative Dentistry – In February 2008 Dr. Schroder was elected into membership in the Academy, which is dedicated to the advancement of the art and science of dentistry. The election is bestowed on dentists whose contributions to dentistry are recognized as exemplary.
- Fellow – American College of Dentists and the International College of Dentists
- Director – Alamo Collaborative Dental Forum, an affiliate of the Seattle Study Club
- Former assistant professor (12 years) – Postdoctoral General Practice Program at the UT School of Dentistry in San Antonio
- In early 2009 Dr. Schroder introduced into his practice the first chairside oral scanner in the southern United States. This digital scanner eliminates the need for impression material for the fabrication of crowns and bridges. His success with this cutting-edge technology has led to an emerging lecturing and teaching career with presentations to dental groups across the U.S. and internationally.

Greg Tice is the managing director of the Seattle Study Club® organization. A 1990 graduate of the University of Notre Dame with a BA in international relations, Greg has been a part of the Seattle Study Club network for 20 years. His background includes extensive continuing education in psychology, education and event production.

Having presented to numerous study clubs, Greg's focus is on helping the doctors and staff involved with each local club realize the true value of the tools the study club brings to their community. These tools can be applied across a broad spectrum of life and are not limited to clinical dentistry.

Prior to joining the Seattle Study Club organization, he worked with the likes of Willie Nelson and Reba McIntyre as a concert promoter, in addition to producing fundraising events for cystic fibrosis and multiple sclerosis. Greg is the proud father of three boys, including twins who keep him young, in spite of his grey hair.

A Prosthodontist with his concentration in biophysical oriented reconstructive dentistry. Formally trained in surgical implantology by Per-Ingvar Brånemark from Nobelpharma AB in Sweden. The first dual board-certified prosthodontist and implantologist. Former Faculty member at Harvard University, School of Dental Medicine, Division of Advanced Graduate Prosthodontics & Biomaterials Sciences, and New York University as an Associate Clinical Professor.

Established his Interdisciplinary Dental Practice group ARID (Aesthetic Reconstructive & Implant Dentistry®) in 2000 with the explicit vision and intention to deliver the biologically tolerated dental reconstructive care to those who demand only the best; while remaining true to his love of teaching and contributing to the advancements in his field of specialty.

His educational background includes Mechanical Engineering and Cell Biology, Organic Chemistry (Crystallography), with minors in Applied Sciences.

Dr. Ameli is a:

- Diplomate of the American Board of Prosthodontics
- Diplomate of the American Board of Oral Implantology / Implant Dentistry
- Fellow of the American College of Prosthodontists
- Fellow of the American Academy of Implant Dentistry
- Fellow of the Pierre Fauchard Academy
- Fellow of the Northeastern Gnathological Society
- Certified Member of the Academy of Microscope Enhanced Dentistry

Dr. Peter Grieco completed his undergraduate studies at Boston College, majoring in biology. He received his DDS degree from the Columbia University College of Dental Medicine, and then returned to Boston to obtain advanced training in prosthodontics and dental research. He received a certificate in prosthodontics in 2014 and a Doctorate in Medical Science in 2015 from the Harvard University School of Dental Medicine (HSDM). Dr. Grieco is currently an Instructor in the Department of Restorative Dentistry and Biomaterials Sciences at HSDM.

Dr. Tae Kwon received his Doctor of Dental Surgery degree from the University of Toronto. During his dental training in Toronto he received many scholarships and awards in recognition of his clinical and academic excellence. He further pursued and received his specialty training in Periodontology as well as Master of Medical Sciences from the Harvard School of Dental Medicine, where he was the recipient of the Hanley D. Epstein Award for clinical and academic excellence. Dr. Kwon has served as an ad-hoc reviewer of Quintessence International, British Dental Journal and Oral Health and Dental Management, Journal of Applied Oral Science, International Dental Journal, Clinical Implant Dentistry and Related Research, Journal of Periodontology, Journal of Translational Medicine, and Dental Traumatology. He is also an editorial board member of the Quintessence International, International Dental Journal, and Dental Traumatology. Furthermore, he is the author of many articles in peer-reviewed dental journals. In addition, Dr. Kwon was a part-time clinical instructor at the Harvard School of Dental Medicine, a lecturer at the Tufts School of Dental Medicine, and a guest speaker at the University of Michigan School of Dentistry. Dr. Kwon also has lectured at many meetings in the United States and worked with many study clubs. He is also the director of a local Seattle Study Club chapter, “NH Study Club for Excellence in Dentistry” and “Monadnock Dental Hygiene Study Club”. He maintains his private practice, Monadnock Perio & Implant Center, in Keene, New Hampshire.
